

Tri Marine Supply Chain Transparency Information

In accordance with the provisions of ISSF Conservation Measure 2.4 (Supply Chain Transparency, Audit, Reporting and Purchase Requirements) which enters into force on January 31st, 2020, Tri Marine International makes public the percentage of its purchases (measured in round ton equivalents) from vessels participating in each of the following **Fishery Source categories***:

- MSC-certified fisheries: **49%**.
- Comprehensive FIPs listed on FisheryProgress.org scoring A, B or C: **31%**.
- Comprehensive FIPs on FisheryProgress.org scoring D or E: **0%**.
- Fisheries that have entered full assessment for MSC certification but are not in a comprehensive FIP listing on FisheryProgress.org: **3%**
- None of the above: **17%**.

The percentage of our purchases (measured in round ton equivalents) for each of the following **Supplier Source categories***:

- ISSF participating companies: **17%**.
- Data Check Companies: **8%**.
- Direct from vessels: **56%**.
- None of the above: **19%**

Tri Marine International is fully committed to progressively reduce the percentages of purchases classified as “None of the above” in both classifications.

From 2019 to 2020 we reduced the “None of the Above” for Fishery Source Categories from 18% to 17%. Our Supplier Source Category “None of the above” was up from 29% to 30% but will adjust downward as we verify direct from vessel purchases.
